Dedication

We, the class of 1945, affectionately dedicate this Nugget to our principal, to our faculty, to our alumni and to the members of our class who are in the service of our country fighting for the preservation and freedom of the world.

We shall always remember how, when they were most vitally needed they left their pleasant times in school, their secure positions, and their loved friends and families to aid their country.

May we, the class of 1945, carry on the high standards, ideals and principles set forth in their example.

Dear Diary,

Four years have sped mysteriously by, and the senior class of '45 finds itself on the eve of graduation. Our four years in school have been packed with fun and study.

As confused freshmen, we entered dear old Butler High. By the time Halloween Dance rolled around, however, we had mastered the schedule and were a well-organized class.

Our sophomore year passed quickly, and we amused ourselves with intermediate algebra, Latin, and our dramatic masterpiece "Ye Olde Scule House."

As joyful juniors, we romped through such studies as plane geometry, physics, and American History. Our pride and joy was the Junior Prom which had "May Day" as its theme.

Now, as serious seniors, our responsibilities have increased. We have successfully concluded an overwhelming sale of magazines and have gained valuable experience in the managing and financing of our Yearbook. Our artistic contribution was the senior production of "Spring Green" which played to a capacity audience.

You, dear diary, are a faithful record of our school life and friends and so, we have decided to publish you in order that we might always have a record of our last pleasant year in Butler High School.

Class Will

We, the Class of '45 being of unsound mind and broken down body, take this opportunity, after years of blood, sweat, and tears, to leave to the innocence of youth what qualities of higher education (?) remain with us.

We, the Bored of Education, bequeath to the Board of Education our sincere gratitude for their kindness and understanding that they have bestowed on us in the past four (in some cases five) years.

To the underclassmen we leave the following items of significance:

Al Kochka, his jokes, to anyone who likes corn.

Joe Smith, a piece of gum, to whoever can get it from him.

Marguerithe Chadwick, her title "Genius of Pequannock" to Marina Garcia.

Evelyn Schmidt, her cute dimples, to Noreen Ryan.

Leon Bradford, his tall stories, to Bob Mack.

Bobbie Anderson, her perfect combination of blonde hair and blue eyes, to Patty O'Sullivan.

Eileen Ryan, her Irish wit, to Mary Byrnes.

Jean Lindenberg, her distinctive giggle, to Jane Doorn.

The Society of Organized Playboys, their high ideals and standards, to the Junior Class.

Bud Cassazza, his rugged physique, to Reggie Morse.

Stanley Levine, his clothes, to his brother Carl. (He'll take 'em anyway.)

Ed Lenthe, his scoring ability in basketball, to Ray Williams.

Joan Stoddart her snappy wardrobe, to Jeanie White.

Marie Specht, her beautiful tresses, to Marie Vozza.

Rosalie Headley, her "laboratory technique", to anyone who likes the unexpected.

Bob Shippacase, his mathematical ability, to Bob Guenter.

Elmer Cook, his striking personality, to Carl Hesse.

Marilyn Eyet, her sweet and demure ways, to Joan Lanthier.

Betty ter Horst, her small stature, to Anne Griffins, minus a little.

Ceil McKenny, her smoothness on the dance-floor, to Phyl Dedio.

Irene Quackenbush, her athletic ability, to Rita Carroll.

Kenny Allerman, his ability with women, to Dick Spreen.

Hank Jecker and "Okie" Doremus, their "Model A's", to anyone who's lucky enough to find the gas.

Pat Dunn, her "loquaciousness", to Pat Goble.

Hans Preuss, his flirtatious ways, to Carl Kortz.

Don Tintle, his success in annoying the teachers, to Jimmie Lee.

Dottie De Lazier, her "love 'em and leave 'em" attitude, to any girl who can do it.

Ed Dwyer, his ability to blush so easily, to Ted King.

Claire Spreen, her ability to get along with anyone, anytime, anywhere, to Kay Reichwein.

Dick Cleary—just leaves.

We hereby appoint the front steps the sworn executor of this, our Last Testament. Let it be their sacred duty to carry out our sacred wishes herein expressed.

Nugget Staff

The 1945 **Nugget** Staff has chosen for its theme "The Diary." They believe that by using this a typical year in Butler High School can be easily portrayed. Since the **Nugget** is largely a picture book this year, we have tried to take shots throughout the year to portray our every day life in school.

Editors are given the task of writing most of the copy going into this book; Art Editors draw all material necessary; and the Typists work hard to get the copy ready for the printer; Circulation and Advertising arrange for the sale and distribution of the yearbook.

Student Government

Audrey Krause, President

Students of Butler High have the chance to see and make government function through the Student Council. The council is composed of one freshman, two sophomores, three juniors and four seniors, which makes it a representative group according to seniority. Mrs. Imandt is the adviser and it is through her tireless effort that the student government is kept running smoothly.

The council, being a most active group, concerns itself with guiding the student body and solving problems involving student relationships. They have worked very hard in order to make this school year as close to a normal one as possible in war time. Though the Navy and Air

Corps took three of the senior members, their successors have been able to take their work over quickly and smoothly.

Never let it be said that the council is not war-minded. The weekly War Bond and Stamp sales are ardently backed by the council. The main drive this year was the "Tank drive" during the month of February. The students were constantly reminded of their duty to the "red, white, and blue" by the council workers.

Thus, with its many activities, the Student Council strives to maintain a high morale among the students and show that "Democracy will work!"

Citizenship

Citizenship, an indirect part of our Student Council, is one of the most active organizations in our school.

Under the careful supervision of Mrs. Imandt and Student Council members, two students are elected from each homeroom. Each member elected is given a responsible position at which he is to maintain order and devise systems of traffic and disciplinary control over his individual post throughout the halls.

Citizenship, an indispensable part of our school, has done much toward improving general conditions in our school and creating a more wholesome school spirit among our students.

Senior Service Club

The Senior Service Club is actually the executive committee of the Senior Class. Its members include the class officers and a chosen few other students having a genuine interest in class affairs and possessing a willingness to devote extra time and effort to heading class projects. Under the capable and efficient guidance of Miss Ketchum, our Senior adviser, the group takes charge of all projects sponsored by the Senior Class. The club has successfully handled the magazine and Christmas card campaigns for the benefit of the year book. It is also in charge of cap and gown measurements, senior pictures, and senior rings. Although only a small group, it has been one of the most efficient and active of senior organizations.

Debating

The Debating Club of Butler High School consists of six members from each high school class. They are chosen for their ability to express themselves fluently and for their interest in debating. The advisers are Miss Banta and Miss McNaughton who throughout the year instruct the members of the club in proper debating technique, forum procedure, and the correct method of conducting a formal meeting.

The club meets monthly at which times interclass debates are planned and forums are held among the club members. The interclass debates are held between the freshman and sophomore teams and the junior and senior teams. The winner of these debates participates in a championship debate. This year the championship debate was held between the senior and sophomore teams. The topic was: Resolved That The Legal Voting Age Should be Reduced to Eighteen. The seniors defending the affirmative, won the debate and the championship.

Maple Leaf

The "**Maple Leaf**", our monthly school newspaper, is a very popular publication.

The paper is entirely a student project, and anyone who has ability and interest in journalism is welcomed.

Each student writes up his assignment in his own individual style. The material is typed, the advertisements are laid out. Finally finished, the "**Maple Leaf**" is distributed by the circulation managers.

The students are under the capable supervision of Miss Benoy and Miss Bodain.

Seniors who have been on the staff for two years and have acted as editors for one year, receive a service pin.

Glee Club

As in past years, Butler High School had a vocal organization known as the Glee Club. Its members were chosen after try-outs conducted in the early fall.

This year the Club has a new adviser, Miss Marion E. Fix, who conducted the performances in the Christmas Assembly, the Baccalaureate Service and the Commencement Exercises.

The Glee Club is one of the oldest institution here at Butler, and this year's club was worthy of this tradition.

Hi-Y

The Alpha Chapter of the Boys' Hi-Y of Butler High School is a branch of the Morris County Young Men's Christian Association. The club promotes good citizenship, high scholarships, and a spirit of sportsmanship. Members of this organization are invited to take part in all activities sponsored by the Morris County Y.M.C.A.

Two initiations face each new members—one formal, the other informal. A "C" average and a unanimous vote by the older members of the Club are the requisites for eligibility. Maintenance of a "C" average is necessary throughout the year. Members are admitted twice a year,—seniors in the fall and juniors in the spring.

Regular meetings are held and the boys enjoy basketball, bowling, ping-pong, fencing, movies, shows, timely discussions, crafts and co-ed activities. A series of banquets were held during the year, and several "swims" were held at the Paterson "Y" pool. The club completed several service projects.

The Alpha Chapter Butler Hi-Y has had a very successful and profitable year, under the leadership of Mr. Carpenter, the club adviser, and its officers, Hans Pruess, Fred Aldrich, William Weiss and Walter Smith.

The Girl Reserves

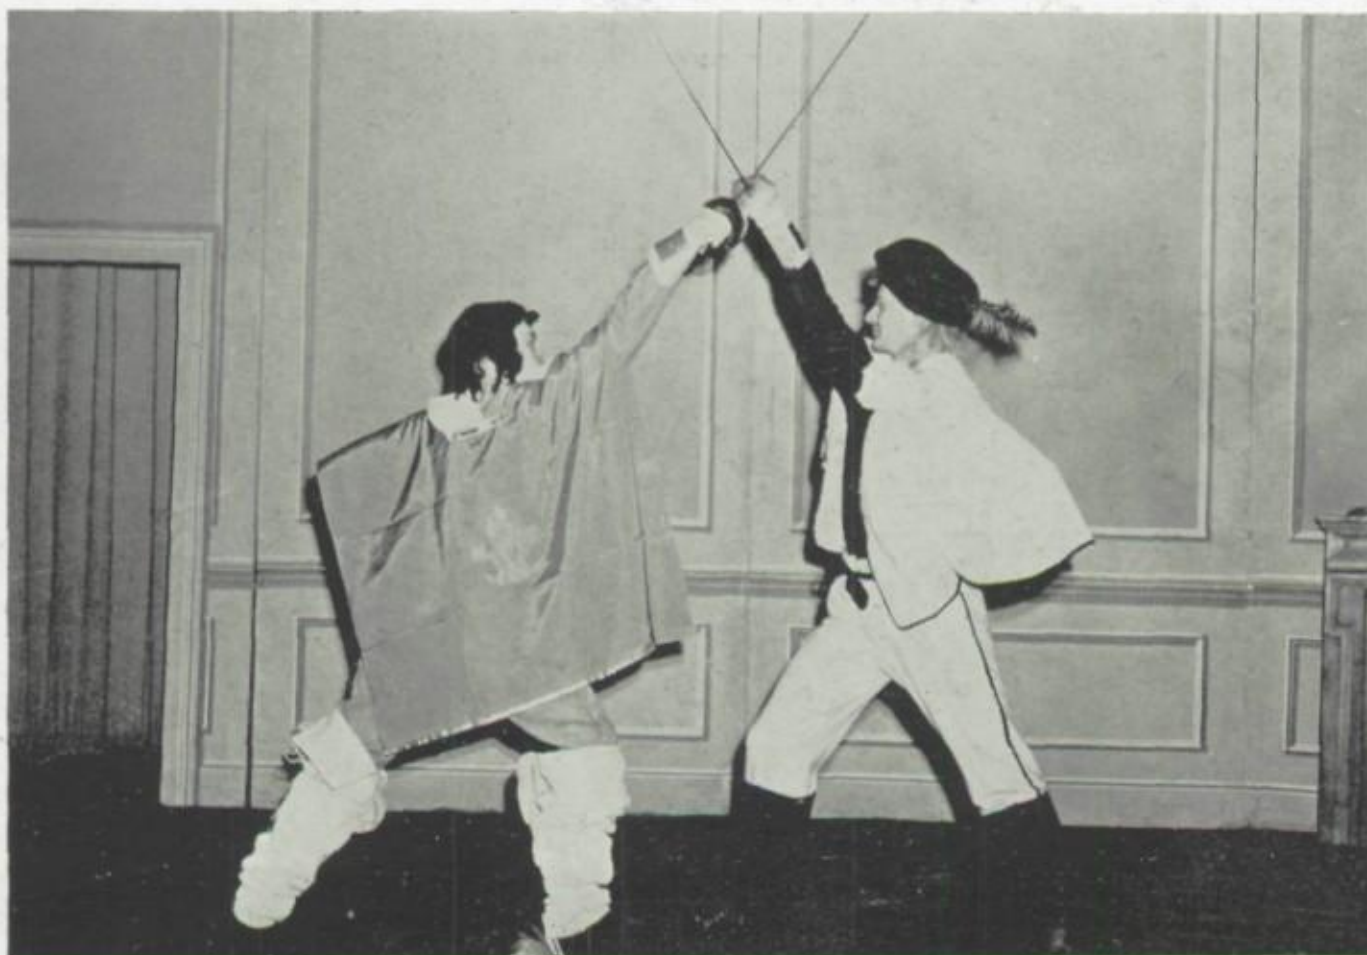

The Girl Reserves is the high school branch of the Young Women's Christian Association. This association is not only a local club, but it is a state, national and worldwide organization of women and girls.

This club has many activities including craftwork, hiking, athletics, dramatics, discussions, ceremonials, service projects, and social parties.

Library Service

The purpose of the Library Service is to assist in library routine, such as checking attendance, filing cards, charging books, and miscellaneous typing. It is composed of sophomore, junior, and senior girls. These girls are selected by the librarian, Miss Curtiss.

Fencing Club

The Fencing Club is one of the newly organized junior and senior boys' clubs in the school. Its purpose is to develop a knowledge of trained swordplay, mental and muscular poise, physical and mental co-ordination, a sense of fair play, and a feeling of self-confidence in personal combat. The club is very fortunate in having Mr. Carpenter as its director.

Football

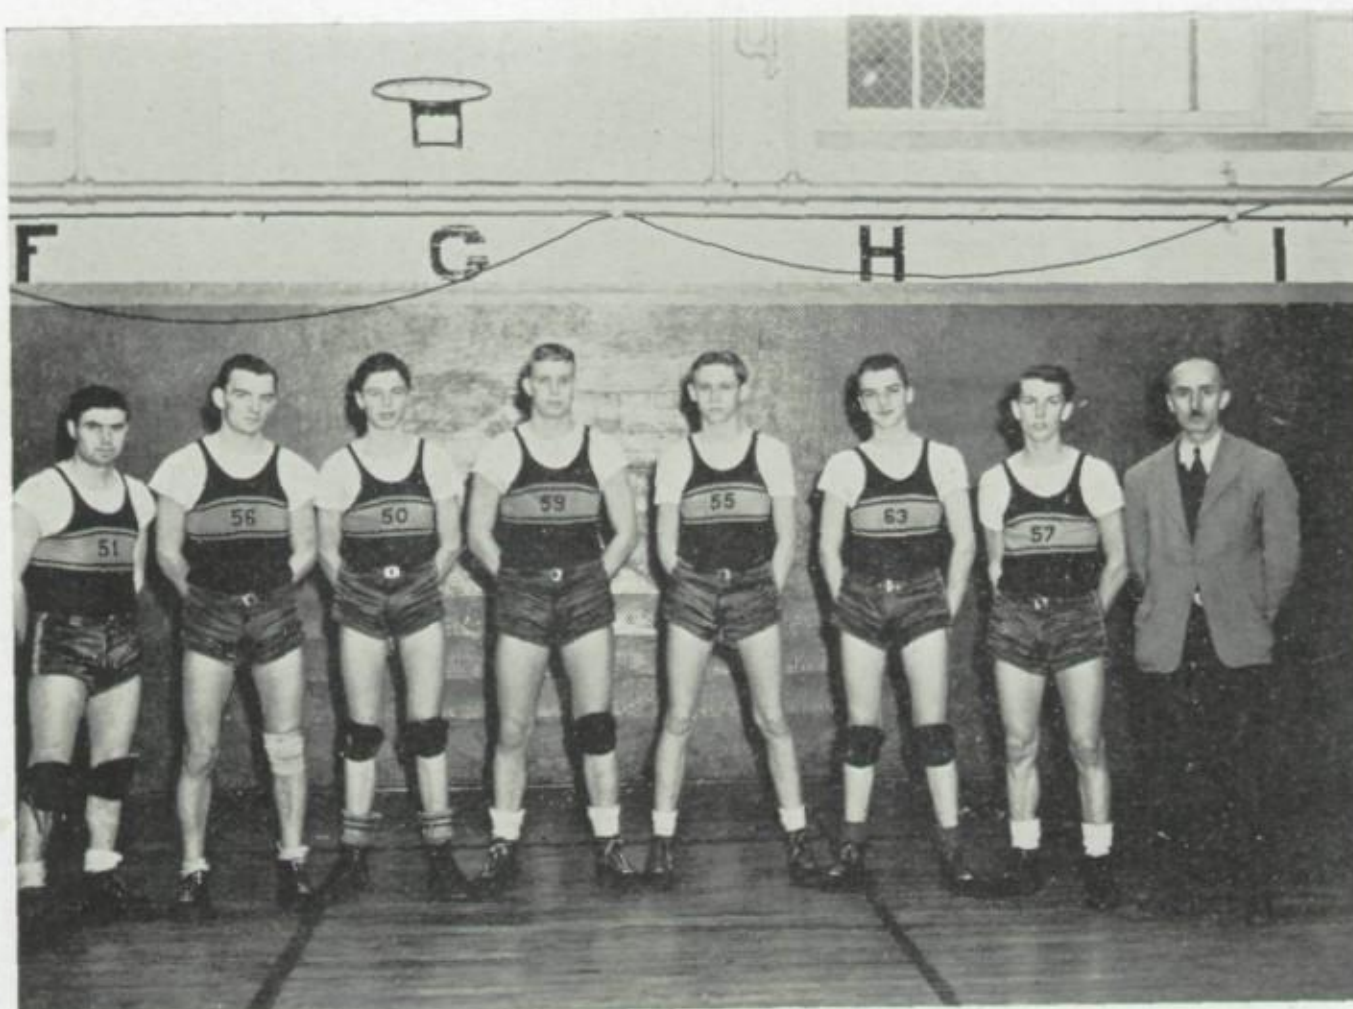

Although statistically unsuccessful this year's football season provided the fans with many an exciting moment. The highlight of the season was the 13-6 victory over Pompton Lakes at the Hinchcliff Stadium in Paterson.

Andy Klusick returned to coach the Bulldog team. He was assisted by Henry Ellard, our regular basketball coach. Peter Cimmino was the coach of the Junior Varsity squad.

The '44 Bulldogs were captained by Elmer Cook, center. At the end of the season, Elmer earned a first string berth on the All Suburban Team. Jim Pfingstel, back, was selected for the second team. Others mentioned were Joe Roberto, guard; Ken Allerman, quarterback, and Ed Dwyer, tackle.

Alternating between the Y and T formations the Bulldogs went through a nine game season. Of these, they won two, tied one, and lost six. The first three games were played with teams out of Butler's class. The hard-fought opener with a heavy Teaneck team was considered the best game played by the Bulldogs. The first victory came from Ramsey, on a wet, sloppy field. The second victory came from Pompton Lakes, which helped to pay for the previous defeats. The season was concluded with the scoreless tie in the Turkey Day Classic with the championship team from Boonton.

Basketball

This year the Bulldogs came through with the best court season in three or four years. They defeated Blair Academy, Pompton Lakes, Boonton, Dover, Mountain Lakes, and Hawthorn. They lost to Passaic Valley, Pompton Lakes, Dover, and Boonton.

Only three letter men returned from last year but former members of the Junior Varsity filled in to form a well balanced team.

High scoring honors went to Ed Lenthe with 147 points. Capt. Ken Allerman followed with 104. Both Lenthe and Allerman received honorable mention in the All-Morris County Basketball Team.

Varsity "B"

The Varsity "B" Club consists of the lettermen from the baseball, basketball and football teams and the meetings are held every Wednesday, under the direction of our coach, Mr. Klusick. In the spring the new boys are initiated and a formal dinner is held. During the year we discuss various football formations and show moving pictures about sports.

Girls' Sports

The girls start their athletic season off in the fall, playing soccer. For a good rough and tumble game, the girls find soccer a rousing, spirited sport.

Milder, but equally exciting, is soccer's successor, softball. Softball requires technique and accuracy but is liked equally as well as soccer.

These two games are played until the weather becomes chilly in late fall. Then thoughts turn to volleyball and basketball, the mid-season sports, played in the gymnasium. Both of these games are vigorous and popular. There are homeroom basketball and volleyball teams which provide activity for all girls. Each homeroom has a team, and these teams engage in friendly fights for class championship.

With the coming of spring, athletics once again return to the out-of-doors. Softball again gets under way. Along with softball the girls try their hand at archery which requires much accuracy.

These gym periods not only provide fun and recreation, but develop teamwork and good sportsmanship in those who find sports a favorite past-time.

Photography

On the educational front—like the battle front and the home front—has a vital role in bringing complete victory to our country and lasting peace to the world.

Photographs in this issue of the NUGGET are treasures of memories of friends and schoolmates who will be setting forth to all fronts.

In these challenging days associated with war time shortages of critical material in every step of photography, we are again proud to be able to maintain the high standard of quality and workmanship of our portraits.

Hold Onto Your Bonds After You Buy Them!

When you cash in War Bonds, you have purchased it's just like taking a gun or hand grenades away from some boy . . . your own boy perhaps . . . at the fighting front. Such action defeats the whole purpose of this vital program for financing the War

Back up the boys who are battling the Germans and the Japs. Save to buy MORE War Bonds—to hasten VICTORY. Then HOLD ON to your War Bonds. They are the safest and best investment you can own.
